The Social Stylist has a great vibe! I went in for a first time root coloring and was met with wonderful customer service. I came away feeling pampered and with beautiful brown locks replacing my naturally streaked gray. I highly recommend Vanessa!

Vanessa for over 5 years and she kills it every single time, she's an amazing colorist and just knows exactly what you want and knows exactly what to do. I always feel my most confident when I leave her chair. She's so fun to chat with when your getting your hair done and you will feel like you're catching up with an old friend. I will never go to another hairstylist ever!!
